

## 12-port optical switch 400Gbps

## 12-port optical switch 400Gbps

It uses an MTP/MPO-12 connector and supports transmission distances of up to 500 meters over parallel single-mode fiber (PSM). The module is compliant with QSFP112 MSA, CMIS 5.0, and ...

Choose from new price-performance options on merchant silicon in our 400G and 800G switches and routers to reach new benchmarks of performance and functionality.

Transform your data center networking infrastructure with high-density 400G Cisco switches scalable to 800G. Optimized for simplicity and sustainability.

FS 400G data center switches offer high speeds and port densities to meet the network deployment requirements of various scenarios and the evolving requirements of next-generation data center ...

The NVIDIA MMA4Z00-NS400 is an InfiniBand (IB) and Ethernet (ETH) 400Gb/s, Single-port, OSFP, SR4 multimode parallel transceiver using a single, 4-channel MPO-12/APC optical ...

The NVIDIA/Mellanox Compatible OSFP optical transceiver module is designed for 400GBASE Ethernet throughput up to 50m link lengths over OM4 multimode fibre (MMF) using a ...

Senao 400G high-speed network switch is designed for the TOR (Top-of-Rack) or spine switch in data centers. In response to the explosive growth of data, the 400G switch aims to meet the network ...

Cisco Nexus 9400 Series switches provide high density 400G ...

Cisco Nexus 9400 Series switches provide high density 400G solutions in a centralized modular chassis design.

Arista introduces the 7368x4 Series 400G data center network switch. This 400 Gigabit data center switch offers 4X increase in bandwidth density compared to existing 100G 1U switches.

The Edgecore DCS520 is a high-performance spine switch for data centers, offering line-rate L2 and L3 switching across 64 x QSFP56-DD ports. It supports various configurations and can be deployed as ...
