

## 18-bit intelligent digital display PDU

## 18-bit intelligent digital display PDU

The Intellinet Network Solutions 19" Intelligent 8 Port PDU provides your system-critical devices with steady power, monitors current-voltage levels and keeps track of environmental temperature and ...

MPDU Pro is the latest flagship intelligent PDU introduced by CLEVER Electronic. It inherits the innovative fully modular design from the classic MPDU family. The output module supports hot ...

An Intelligent PDU allows for remote management, monitoring of PDU vitals, and control of outlets and networked clients. Power status can be monitored over the network, using the NetAgent ...

The MD metered PDU is a Rackmount industrial grade PDU for mission critical data centers. The MD PUD allows true RMS current monitoring via a simple, digital RMS ammeter.

InfraPower Intelligent W Series PDUs can be incorporated into InfraSolutionX to enable PDU monitoring and control in addition to Smart Card Access and Environmental Management.

Intellinet 163682 19" 8-Port Rackmountable Intelligent Power Distribution Unit ...

The Intellinet Network Solutions 19" Intelligent 8 Port PDU provides your system-critical devices with steady power, monitors current-voltage levels and keeps track of environmental temperature and ...

The MPI Intelligent PDU delivers the most accurate, real-time monitoring of connected equipment. With metering and monitoring features, together with the capability for users to set custom thresholds, the ...

Enhance data center efficiency with our G5 Intelligent PDU offering. Benefit from real-time power monitoring, space-saving design, and rapid fault detection for improved system reliability.

These space efficient and power dense PDUs were co-designed by Vertiv and Lenovo and come in the following 1U designs available to meet the requirements of your most power-demanding systems:

Intelligent PDUs support intelligent asset tags and sensors, and integrate with DCIM Operations Software to provide automated, accurate, and reliable asset management.

Panduit PDUs feature threaded inserts on the back and both sides for the ultimate in mounting flexibility. They safely and efficiently manage and distribute power to multiple devices through a single input ...

Intelligent PDUs can be easily installed into Panduit (or third-party cabinets) by utilizing the installed mounting buttons (18.4mm diameter). Where necessary, a small diameter (14.5mm) mounting button ...
