

AI-GPU Server

Maintain the performance of polarization maintaining fiber

Accurate refractive index distribution

Good longitudinal uniformity

Optical fiber environment performance is stable

The cross-sectional area has good symmetry

AI-GPU Server

XE-Series servers are purpose-built for accelerated computing—AI training, HPC, and large-model inference. They prioritize GPU density, bandwidth, power, and cooling to deliver faster time-to-insight ...

Explore our wide range of AI server with GPU, from H100 and A100 to RTX series. Cost-effective AI hosting for training, LLM inference, and generative AI projects.

Get AI models and tools such as DeepSeek or Ollama running on our dedicated GPU servers and tag us on Hugging Face for a shout-out of your favorite Projects.

Step-by-step guide to deploying AI models on GPU servers. Improve inference speed, optimize performance, and streamline your AI workflows.

Scalable GPU servers for AI, Machine Learning, and HPC. Supports NVIDIA, AMD, and Intel GPUs with air or liquid cooling for faster model training.

Discover the 5 GPU server providers for AI. Compare pricing, features, and performance to find the ideal fit for training, inference, or deep learning workloads.

Train trillion-parameter LLMs, run advanced simulations, and more with dense AI GPU servers that deliver interconnect speed and efficiency for even the most ...

Dive into Supermicro's GPU-accelerated servers, specifically engineered for AI, Machine Learning, and High-Performance Computing.

Train trillion-parameter LLMs, run advanced simulations, and more with dense AI GPU servers that deliver interconnect speed and efficiency for even the most ambitious AI workloads.

Powered by the latest NVIDIA Blackwell architecture, AMD EPYC or Intel Xeons processors, our GPU optimized AI servers deliver unbeatable performance and scalability for your most demanding ...

Train dense deep neural networks and achieve state-of-the-art results. Execute AI workloads with a turnkey Exxact GPU Server powering your every need.
