

American Alloy Cable Trays and Pipe Gallery

American Alloy Cable Trays and Pipe Gallery

Our customers have access to the most complete support systems offered in the industry, including metal framing, cable tray, pipe hangers, slotted angle, and fasteners.

We offer modern, innovative, and technically advanced cable trays, tray covers and wire management accessories, support, and logistics management with an emphasis on customer service.

As a less-expensive alternative to conduit, a stronger alternative than wire basket, and superior to generic tray, Snap Track saves on labor and reduces total installed costs.

There are a few types of cable trays including: solid-bottom trays, cable channel or trough trays, ventilated trays and ladder trays. There are a large number of cable tray fittings that are made ...

TUBETRACK® was invented in 1954 by Jim White, founder of James C. White Company, and is the most secure and continuous tray system to support instrumentation, process tubing, and pipe.

Heavy duty cable trays and cable ladders are manufactured from pre-galvanized, electro-galvanized, or hot-dipped galvanized sheet metal, designed to meet ideal environmental working conditions for ...

Custom manufacturer of cable trays made from aluminum, fiberglass reinforced plastic (FRP), galvanized and stainless steel materials. Suitable for supporting insulated electrical cables.

Regional supplier of Pipe and Fittings for the Oil and Gas Industry. We specialize in providing high-quality products and exceptional customer service. We supply manufacturers in oil and gas, ...

Alloy Piping Products (APP) is the only fully integrated U.S. manufacturer of fittings and master distributor of piping components. APP can manufacture and procure materials for any size project ...

Our cable tray systems meet or exceed all the NEMA, UL, CTI, and CSA standards and are utilized in nearly every industry. All cable tray suppliers are not the same.
