

Barbados Liquid-Cooled Switch SFP

Barbados Liquid-Cooled Switch SFP

The world's highest-performance, liquid-cooled, Ultra Ethernet Transport ready switch designed for next-generation AI infrastructure. With 64 ports of 1.6Tbps Ethernet in a fixed 2U switch, the QFX5250 ...

We saw the new liquid-cooled switch on the SC24 show floor. The switch itself is made for HPE's liquid-cooled supercomputing platforms. As such, and as something different from other ...

Learn how fiber module thermal behavior affects SFP optics in liquid-cooled racks: specs, selection checklist, failure modes, and ROI guidance for engineers.

The two types of liquid cooling used on a large scale in the data center field are cold-plate and submerged liquid cooling. Other types such as spray cooling have not been deployed on a ...

Take steps now to modernize your facility and thermal management strategies for tomorrow's liquid-cooled switches. Meet with your Cisco team or partner to discuss how to design, ...

Build a blazing-fast 2.5Gb managed switch setup with 8×2.5G Ethernet ports and a 10G SFP slot, ideal for bandwidth-heavy tasks like 4K streaming, NAS transfers, or low-latency gaming.

They run considerably (like 10 degrees C) cooler than all my other ones. Highly recommend these though they are expensive.

The switch modules are pre-filled with nitrogen in the cooling system, pressurized to at least 1 psi. If the pressure is below 1 psi, perform a "Pressure Hold": refill to 50 psi with N2, wait 12 ...

GIGALIGHT provides 10G to 800G immersible pluggable active optical cable (AOC) with SFP,QSFP+,QSFP28,QSFP56,QSFP-DD,OSFP form factor for immersion liquid cooling ...

Anixter is your source for Switches products.
