

Bundle-shaped or strip-shaped connector box

Overview

A gang box is an electrical box used to enclose, or “gang up”, electrical wiring devices to help prevent short circuits. Most building codes will require this protective measure as contact between wires may cause a spark, which could result in a fire. Set 6 LED strips to strip connectors (including wires), 4 RGB controller connectors, two 2-way RGB distributor cables, 2 LED wire extension cables, 20 seamless LED lights with 4-pin connectors, 6 LED corner connector PCBs, 2 T-connector PCBs, Plus 2-prying tools, ten 4-pin male to male connectors. How can we improve?

Choose from our selection of wire bundling, including expandable sleeving, corrugated sleeving, and more. Check each product page for other buying options. Need help?

The 6500K White LED Light Strip Combo Kit contains 6500K White LED Light Strip (1pcs), contains USB-A to 2 Pin 8mm Solderless Quick Connectors (2pcs), and 2-pin 8mm L-shaped LED Strip Connectors (10pcs). The 2-pin 8mm L-shaped LED Strip Connectors and the USB-A to 2 Pin 8mm Solderless Quick

This electrical box is designed with your convenience and safety in mind. Strip terminals come in a series or reel for multiple connections, emphasizing crimping efficiency. Both use mechanical crimping, securing the wire conductor within the terminal for a safe and stable.

Bundle-shaped or strip-shaped connector box

Choose from our selection of wire bundling, including expandable sleeving, corrugated sleeving, and more. Same and Next Day Delivery.

[T & L Shape] T & L Shape Two-in-One Design: Only compatible with 8mm 2-pin COB LED single color strip lights. This 2-in-1 connector supports both T-shape and L-shape connections. More flexible in ...
