

Compatible 1G optical transceiver module Austrian supplier

Compatible 1G optical transceiver module Austrian supplier

Compatible optical transceivers 1G, 10G, 25G, 40G and 100G in multiple form factors including SFP, SFP+ XFP, QSFP+, QSFP28 and CFP with a lifetime warranty.

Discover reliable and versatile 1G SFP optical transceivers fully compatible with Cisco, Huawei, Juniper, Arista, and more. Choose from SX, LX, and TX modules.

A two-fiber optical transceiver with an SFP form factor for 1G Ethernet, complies with the 1000Base-LX standard. Designed to work in single-mode optical fiber (Single-mode fiber, SMF), maximum range ...

Ensure flawless connectivity with our 1G Singlemode LC SFP Transceiver (Cisco & HP Compatible). We engineered this high-performance module for seamless compatibility with major brands. This ...

If you need a transceiver that supports both single-mode and multi-mode fibre, we recommend the SFP1G-SX-31 model. This module supports up to 2 km link lengths over LC duplex SMF or MMF fibre.

We can now simply buy generic transceivers and program them with the FLEXBOX and the FLEXOPTIX App. The application is fantastic and very easy to use! This makes us save a lot of time and no more ...

We provide high-quality OEM-compatible optical transceivers and cables that are rigorously tested for performance and compatibility with leading networking equipment.

You can use our optical transceivers as affordable alternative for SFP modules of leading vendors, without quality loss. Our products are covered by full warranty.

Featuring a built-in Semtec chip and reliable FP laser / PIN receiver, the SFP module delivers low power consumption and stable optical links for 1G single mode networks like Gigabit Ethernet and Fibre ...

All ENET transceivers are built using Tier 1 grade components and lasers and individually tested in their intended application and are guaranteed compatible with identical functionality to OEM products.

Featuring a built-in Semtec chip and reliable FP laser / PIN ...
