

Core Switch with 48 Ethernet Ports

Overview

The AS5835-54X provides full line-rate switching at Layer 2 or Layer 3 across 48 x 10GbE ports and 6 x 100GbE uplinks. These 48 port switches support dense device environments with reliable speed and smart features. Ideal for managing multiple devices in offices, data centers, or classrooms, these switches provide a streamlined solution for expanding network capacity. Cisco Catalyst 1000 Series switches provide support for the. The HPE Aruba Networking CX 8325 Switch Series offers a flexible and innovative approach to addressing the application, security, and scalability demands of the mobile, cloud and IoT era. 4 Tbps of capacity, with line-rate Gigabit Ethernet interfaces including 1 Gbps, 10 Gbps. The IES5120-48T4S features 48x 10/100/1000BASE-T copper ports, 4x 1/10Gb SFP+ ports, which enables high-density connectivity for large-scale industrial networks and extended enterprise deployments.

Core Switch with 48 Ethernet Ports

Explore a wide selection of 48 port switches to find the right fit for your networking needs and ensure seamless communication across your entire infrastructure.

In this guide, we've tested and reviewed the best 48-port network switch on the market to help you find the right one for your network setup.

Scale your infrastructure fast with our 48 port switches featuring PoE and SFP uplinks. Choose from managed and unmanaged models and streamline your setup now.

This Layer 2+ industrial managed switch supports IEEE 1588v2 PTP for precise time synchronization. It also enables transparent transmission of PROFINET, EtherNet/IP, and Modbus TCP, ensuring ...

The Cisco Catalyst 1000 Series switches are fixed-configuration, Gigabit Ethernet switches that provide entry-level enterprise-class Layer 2 access for branch offices, conventional ...

The HPE Aruba Networking CX 8325 Switch Series is a campus core and aggregation switch and data center (ToR) solution with an innovative and powerful approach to dealing with the cross-domain ...

Search Newegg for 48 port managed switch. Get fast shipping and top-rated customer service.

Ideal for multi-server deployments and edge aggregation, this switch delivers exceptional reliability, security, and speed, making it a powerful solution for enterprise and data center applications.

The 48-Port Gigabit Switch TL-SG1048 is designed to meet the needs of the most demanding workgroup and departmental connectivity requirements. A reliable, easy-to-use switch without the ...

This Layer 2+ industrial managed switch supports IEEE 1588v2 PTP for precise ...

The AS5835-54X provides full line-rate switching at Layer 2 or Layer 3 across 48 x 10GbE ports and 6 x 100GbE uplinks. The switch can be deployed either as a Top-of-Rack switch, or as part of a 40GbE ...
