

# Delivery date **Optical transmitter** **100G**

## Overview

The Juniper Networks compatible QSFP28 optical transceiver module is designed for use in 100GBASE Ethernet, providing throughput up to 80 km over single-mode fiber (SMF) using a wavelength of 1310 nm via duplex LC connectors. The 100G signal is carried over four wavelength. The Extreme 10407 Compatible 100G SWDM4 Bi-Directional QSFP28 transceiver supports short-reach 100G connections over duplex LC multimode fiber. This 100GBASE-SR4 transceiver complies with IEEE 802. Power Consumption 4W enable Prolonged Service Life, Commercial Temperature Range 0 to 70°C (32 to 158°F) Tested in Targeted Switches for Superior Performance, Quality, and Reliability. From short-reach data center links to 300 km DWDM deployments, our 100G portfolio is designed to scale with your needs - without the OEM. Pricing (USD)Filter the results in the table by unit price based on your quantity. 100 Gb/s Transceivers Fiber Optic Transmitters, Receivers, Transceivers are available at Mouser Electronics.

## Delivery date Optical transmitter 100G

When you place an order, we will estimate shipping and delivery dates for you ...

FIBERSTAMP 100G SFP56-DD FR optical transceiver is tailored for 100G Lambda 100G LR-10 Ethernet links within data centers and supports 5G fronthaul over single-mode fiber, covering distances of up ...

The estimated delivery date is based on your purchase date, the recipient's location, and the shipping carrier. For further details see delivery estimates in order confirmation.

100 Gb/s DR1 QSFP28 Optical Transceiver is a small form-factor, high speed, and low-power consumption product targeted use in optical interconnects for data communications applications. The ...

100 Gb/s Transceivers Fiber Optic Transmitters, Receivers, Transceivers are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for 100 Gb/s Transceivers Fiber Optic ...

Explore the details, specifications and video of our 100G Optical Transceiver, and order high-quality 100G Optical Transceiver from our factory directly at competitive pricing.

The OPSTRAN 100GBASE-DR Single Lambda QSFP optical transceiver module is designed for use in 100GBASE Ethernet throughput up to 500m over single mode fiber (SMF) using ...

All our fiber optic transceivers comply with the Multi-Source Agreement (MSA), are supported by our skilled team, and available for next day delivery with logistics expertise.

When you place an order, we will estimate shipping and delivery dates for you based on the availability of your items and the shipping options you choose. Depending on the shipping provider you choose, ...

The delivery date applies to the inventory items purchased by 4:00PM EST from Delaware and 4:00pm PDT from California on business days. After that, your order will ship on the next business day.

100G Transceivers by JTOPTICS deliver high-speed optical data transmission and are ideal for data centers, enterprise networks, and telecom applications. Engineered for reliability and scalability, ...
