

European anti-vibration cable tray accessories

European anti-vibration cable tray accessories

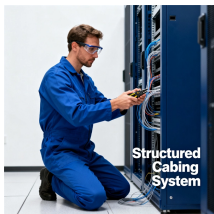

DKC is a European leader, and offers a comprehensive range of cable tray systems and energy protection, transport and distribution solutions for civil and industrial infrastructures.

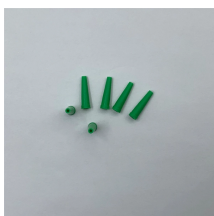

These products are designed to carry heavier cable loads compared to the standard perforated cable trays. This product group offers easiness in vertical applications.

With a wide range, including cable trays, cable ladders, protective tubes and associated accessories, we offer high-quality products that meet the strictest standards for safety and durability.

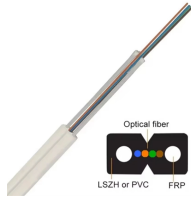

Discover Linum Europe's comprehensive range of cable trays and conduit supports, specially designed for neat and professional cable management in HVAC installations.
