

Fiber Optic Cable Expansion Project

Overview

Today, we're announcing an up to \$6 billion multi-year agreement with Corning to supply fiber optic cables for our data centers. By sourcing Corning's fiber optic cables, we're bolstering advanced manufacturing in America and ensuring the country remains competitive in the global AI. Leviton invested \$25 Million into its Network Solutions Fuquay-Varina, N. 6% Tuesday to a new 52-week high after the announcement. Corning said. Fiber optic vendors are employing a mix of manufacturing expansion, technological innovation in high-density and next-generation fibers, and strategic supply chain alignment to meet the anticipated surge in demand from AI and data centers in 2026. The demand is so high that at least one major fiber.
