

# **Fiber optic cold-splitter drop cable connector**

## Fiber optic cold-splitter drop cable connector

Bend insensitive fiber reduces macrobending attenuation when routing the drops in tight environments and the SC angled connector guarantees the high performance return loss required of video signals.

Fibconet focus on the fiber optical components, such as PLC splitter, patch cord, adapter, connectors etc. Especially for the PLC splitter, it can work in the extremely cold environment.

Comprehensive fiber splice solutions offering versatile, user-friendly, and cost-effective optical splice closures for various applications.

At two-thirds the size, this patented connector saves space and is ideal on poles and handholes. It fits into tight locations and allows technicians to make smaller holes when passing drops and conduit ...

Designed and tested to perform in rugged outside plant environments, our fiber drop cable assemblies perform under extreme conditions, including sun, heat, cold, moisture, and heavy RF interference.

Clearfield's high quality FieldShield terminated drop cables provide you with plug-and-play connectivity without limiting you to a specific proprietary connector.

A single-fiber drop cable suitable for aerial, duct, or direct-buried outdoor installations. Available with Corning's innovative FastAccess® technology, which makes opening the cable easier and faster.

FS provides Splitters & Closures, free & fast delivery, expert tech support, outstanding warranties.

Whether you are deploying FTTH in rural villages, urban MDUs, or greenfield residential communities, ZION can provide the right drop cable products, documentation, and technical support ...

Price and other details may vary based on product size and color. Need help?
