

Fiber optic transceiver gigabit single-mode single-fiber 20km range

Fiber optic transceiver gigabit single-mode single-fiber 20km range

This data sheet describes the benefits, specifications, and ordering information for the Cisco SFP Modules for Gigabit Ethernet Applications.

Singlemode Fiber Optic Transmitters, Receivers, Transceivers are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for Singlemode Fiber Optic Transmitters, Receivers, ...

Our 1 Gigabit Singlemode SFP Transceivers offer high-performance, reliable connectivity for singlemode fiber optic networks. These transceivers are engineered for long-distance applications, supporting ...

This hot-swappable SFP transceiver delivers reliable 1 Gigabit Ethernet connectivity for extended-distance single-mode fiber applications. Operating at a 1310nm wavelength, the module supports the ...

Other features of this module include the ability to be used as a stand alone device (no chassis required) or with MC1400 chassis, Auto MDI/MDI-X for TX port, and front panel status LEDs. The MC210CS ...

The transceiver is available as a mini-GBIC form factor, making it ideal for environments that require many fiber connections by taking up less space in your cabinet and/or computer room.

Utilizing LC connectors and operating at a 1310nm wavelength, it enables high-speed data transmission over single-mode fiber for distances up to 80 kilometers. This module provides a reliable long-reach ...

SFP-7020-31 SFP module has a 1.25Gbps (Gigabit) transmission rate. It is replacing the previous SFP-7010-31 model, which is now no longer available, being able to connect with old and new LX SFPs ...

Discover high-performance single mode SFP modules for your network. Compatible with major brands like Cisco, Ubiquiti, and more.

FS gigabit ethernet transceiver solutions provide fibre or copper options including 1000BASE-SX, 1000BASE-LX/LH, 1000BASE-T etc., from 100m to 160km, for 1G switches, routers, servers, NICs ...
