

Free quote for anti-tracking optical isolators

Overview

Get a price quote for Free Space Isolator directly from DK Photonics | Ask questions and find out technical details and specifications. information provided on each individual product's Spec Sheet to request a quotation. This is the Spec Sheet for SINGLE-MODE 1550/1590NM POLARIZATION INSENSITIVE ISOLATOR. Select the codes from each. Thorlabs is pleased to stock a variety of free-space optical isolators designed for use in the infrared spectral range (1110 - 2100 nm). These include narrowband and broadband configurations that operate in spectral ranges from 350 nm to 2100 nm with both polarization-independent and polarization maintain versions and high-power. Optocouplers (also called Photocouplers, Optoisolators, and Optical Isolators) are available at Mouser Electronics from industry leading manufacturers. Mouser is an authorized distributor for many optocoupler manufacturers including Broadcom, onsemi, Renesas, Toshiba, Vishay & more.

Free quote for anti-tracking optical isolators

The same high-quality isolators that make TOPTICA lasers the industry standard are now offered individually. Custom and private-label isolator inquiries are welcome.

Optical isolators reduce feedback in laser cavities and block unwanted reflections. View our available optical isolators at Edmund Optics.

high quality megneto-optic crystals with low absorption and high extinction ratios, and polarizers with low transmission losses to achieve outstanding performance. Customized free space isolators are ...

Many isolators are in volume production, offering an unmatched cost advantage. We specialize in integrated power monitors for both forward and backward lights. We also offer custom isolator ...

Optical Isolators Designed and built in the USA
 1064 1550 1645 1880 1940 2000 2050 2090 2125
 2200 2300 2350 2400 2500 2700 2800 2900 2940

Get a price quote for Free Space Isolator directly from DK Photonics | Ask questions and find out technical details and specifications.

Thorlabs" in-house manufacturing service has over 25 years of experience and can deliver a free-space isolator tuned to your center wavelength from 365 nm to 4.55 μm . Our vertically integrated ...

Ascentta provides optical circulators in single mode and polarization maintaining fiber

Optocouplers (also called Photocouplers, Optoisolators, and Optical Isolators) are available at Mouser Electronics from industry leading manufacturers. Mouser is an authorized distributor for many ...

Use our versatile optics in optical transmitters or tunable lasers in the O- and C-bands to get up to 38 dB of isolation with an epoxy-free optical path and low insertion loss.
