

H3C Core Switch Optical Module

Overview

H3C S10500X-G is a high-end Switch series designed for the core layer in intelligent Campuses and Data Centers.

H3C Core Switch Optical Module

MDC virtualizes one S12500 switch into multiple logical switches, enabling multiple services to share one core switch. The 1:N virtualization maximizes switch utilization, reduces network TCO, and ...

National distributor of H3C SFP transceiver modules with high quality and low price, all of H3C SFP optical transceiver are certified 100% compatible with H3C SFP switch and router product lines.

Build a high-bandwidth, converged, intelligent, and trusted optical network platform. Support smooth evolution capability for the future. In recent years, the IoT has developed rapidly. For the ...

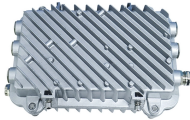

The product uses CPO opto-electronic encapsulation technology to significantly shorten the high-frequency electrical signal interconnection distance from the switch chip to the optical ...

Product Summary: Compatible with H3C optical module Gigabit single mode single fiber 1310/1550nm 3KM 20KM 40 80KM switch monitoring optical module single core SC pair SFP LC single fiber (1.25g ...

The H3C SFP GE SX MM850 A is a common Gigabit Ethernet SFP module designed for multimode fiber links operating at 850nm. It enables reliable 1Gbps optical connections between switches, servers, ...

ETU-LINK can provide optical modules of various specifications compatible with H3C equipment. All optical module products have passed the real machine test before shipment to ensure ...

Buy Genuine H3C Transceiver Modules from GenuineModules with best price and fast worldwide shipping.

H3C S10500X-G is a high-end Switch series designed for the core layer in intelligent Campuses and Data Centers.

Reading optical module information during use helps understand its real-time operating status, allowing you to locate the cause of link abnormalities more quickly.
