Matelec

S. is a long-standing Haitian retailer/wholesaler for hardware, electrical, plumbing, lighting, home/DIY and small appliances, serving households, contractors, and facility managers across Port-au-Prince and Pétion-Ville. It operates a multi-branch footprint with an active online catalog. Grid energy storage, also known as large-scale energy storage, is a set of technologies connected to the that for later use. These systems help balance supply and demand by storing excess electricity from such as and inflexible sources like, releasing it when needed. Labérine Énergie offers electrical distribution cabinets: from 30 to 60 Amperes in Blue Tariff and from 160 to 400 Amperes in Yellow Tariff. Protected by a thick sheet metal casing, these distribution cabinets are designed for temporary installations and, thanks to double insulation, meet safety. Scheduled for completion in the second half of 2025, the facility, located in Laudat, a valley surrounding the capital, will harness the country's volcanic potential, reduce dependence on fossil fuels, and provide clean and stable energy to approximately 23,000 homes, confirmed the Dominica.
