

Industrial-grade switches for sale with configurations

Industrial-grade switches for sale with configurations

Extreme Industrial Switches are an excellent choice for industrial environments, including intelligent transportation systems, utilities, and smart cities. Full redundant ring technology creates fault- ...

Thoughtful features such as DIN rail mounting, Power over Ethernet (PoE) ports and rugged metal cases make these switches a great choice when deploying or expanding an Ethernet network in your facility.

Industrial 10G SFP Switch Reliable Industrial Ethernet Networks with 10G Fiber and Plug and Play Configuration Featuring Plug and Play and 10G SFP+ uplink ports, PLANET IGS-1000-8T4X ...

These hardened, compact managed industrial DIN rail Ethernet switches provide an optimum degree of flexibility with several thousand variants.

With features like enhanced durability and improved safety mechanisms, our Industrial Series offers a range of configurations to meet specific operational needs, ensuring optimal functionality and ...

FS Industrial Ethernet Switches with robust design for harsh industrial and outdoor environments subject to vibrations, shocks and extreme temperature fluctuations from -40°C to 75°C generally.

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting.

Browse our industrial unmanaged switches, industrial managed switches, power over Ethernet PoE options, and din rail mountable industrial Ethernet switches below. Our solutions allow for a ...

20 Amp, 120/277 Volt, 1HP at 120V or 2HP at 240V-277V, Toggle Single-Pole AC Quiet Switch, Industrial Grade, Self Grounding, External Clamp-Type Terminals, Back & Side Wired, White. ...

Digisol industrial switches consist of Unmanaged Din-Rail Industrial PoE Gigabit Switch, Unmanaged Industrial Switch, L2 Managed Din-Rail Industrial Gigabit PoE Switch & L2 Managed Din-Rail ...
