

## Intelligent Micro-module All-in-One Machine

## Intelligent Micro-module All-in-One Machine

Attom Edge Micro Data Center is a plug and play, fully integrated solution with built in cabinet, uninterrupted power, precision cooling, monitoring, fire protection and security systems.

Discover Smart Micro Modular Data Center Solutions with One Row One DC, delivering integrated power and cooling, flexible scalability, and reliable performance.

Standardized, pre-engineered all-in-one (UPS, cooling, racks, & management software) solution. Factory assembled in a secure, weatherproof structure utilizing Schneider Electric products.

The modular architecture can be easily assembled on-site to complete business delivery, which can save 50% of the delivery time and personnel investment compared to the traditional construction ...

Rapid Deployment: IDM Intelligent Micro Modular System integrates power, cooling, and monitoring, cutting on-site installation time by 50% for finance, government, and healthcare sectors.

It uses racks as the datacenter carrier and fully integrates all sub-systems including UPSs, cooling, power distribution, lightning protection, fire control (optional), wiring, airflow management, intelligent ...

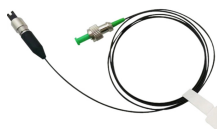

pure green power supply for data center load. \* Fully digital control, flexible and robust. \* 7 & 10-inch touch LCD, with IoT functions. \* High reliability and environmental adaptability, with protection at the ...

The document describes three intelligent micro-module data center solutions: Fit Atom single cabinet, Fit Array single-row, and Fit Atrix double-row. Fit Atom is a single cabinet solution for small spaces.

Highly integrated and flexible installed data center infrastructure for rapid deployment and efficient operation and maintenance. Inspur intelligent micro module product adopt factory prefabrication ...

Rapid Deployment: IDM Intelligent Micro Modular System integrates power, cooling, and monitoring, cutting on-site installation time by 50% for finance, government, ...

· The Soetec intelligent module data center integrates key subsystems like cabinets, cooling and power distribution. · Featuring efficient, reliable modular power gear, its standardized design with versatile ...
