

Interference suppression module for level 3 distribution box

Interference suppression module for level 3 distribution box

This multi-phase surge suppression system provides surge impulse mitigation in a durable UL/NEMA 4X enclosure. These devices are designed to provide high-quality surge suppression for a wide variety ...

The interference suppression module is used for radio shielding of magnetic coils and AC motors. The interference suppression module reduces overvoltage peaks which result from the switching of ...

ISMTM — 50kA - 300 kA surge protective devices
The ISMTM (Integrated Suppression Module) is an integral component utilized in the Current Technology . L3, TG3, and PX3 series surge protection ...

50kA - 300kA Integrated Suppression Module The ISMTM (Integrated Suppression Module) is an integral component utilized in the Current Technology SL3, . G3, and PX3 series surge protection ...

This device features internal overcurrent and overtemperature protection that will disconnect affected surge suppression components at the end of their useful life, but will maintain power to the load - ...

This design provides superior suppression ratings and eliminates poor performance that results from poor cable connections and long lead lengths. Integrated transient voltage surge suppression ...

A frequency of $16 \frac{2}{3}$ Hz is used for the traction power supply in Germany, Austria and Switzerland. Some modules of the SIMATIC S7 product range also support the interference ...

INPUT WITH ISOLATOR: The RF distributor is equipped with an isolator at the input, effectively suppressing common mode interference and interference from power ...

To improve the operation reliability of the integrated equipment, an anti-interference suppression measure of the primary and secondary fusion distribution switch is proposed based on the series ...

you can find everything for suppression modules including comprehensive information, data sheets, technical data and downloads, plus configure your own part according to your needs or order a ready ...
