Made in West Asia for Relay Protection Testing Instruments

Made in West Asia for Relay Protection Testing Instruments

West Asia Trading & Engineering offers an extensive range of high quality products that include Motor Protection Relay, Level Controller, Test Equipment, Test Instruments, Switchgear, Fuse Links, ...

With reasonable design of the heat dissipation structure and the reliable and perfect hardware protection measures, it has the power soft start function and the software of the fault self-diagnosis and the ...

We design and manufacture a wide range of electrical test equipment, including solutions for testing protection relays, testing solutions compliant for IEC61850 environments, voltage and current ...

KPM relay testing equipment with high current rating, precision & advanced software. Ideal for distance, differential, df/dt & protection relay testing.

Our protection testing solutions help you to master the challenges involved in testing protection relays and other assets, as well as creating the associated test reports, in the best possible way.

Find your protection relay testing device easily amongst the 72 products from the leading brands (MEGGER, OMICRON, WUHV, ...) on DirectIndustry, the industry specialist for your professional ...

It can easily complete the protective device test of ABB, Siemens, AREVA and other foreign manufacturers. The test report can be easily derived from the USB port to print.

Since the inception in 1998, Power Instruments has been providing solutions in optimizing power and energy usage in Remote Monitoring, telemetry, control, power generation, electrical related ...

With reasonable design of the heat dissipation structure and the reliable and perfect hardware protection measures, it has the power soft start function and the ...

This advanced secondary injection relay test system and power system simulator is designed to satisfy all the needs related to commissioning and maintaining substations and to testing protection relays, ...
