

Managed Optoelectronic Industrial Switches

Managed Optoelectronic Industrial Switches

Moxa's Layer 3 managed switches feature industrial-grade reliability, multicast availability, and security enhancements based on the IEC 62443 standard.

ATOP's range of ruggedized Managed Switches are engineered for reliable performance in harsh industrial environments, while enabling additional security, configuration, and add-value features ...

With dedicated and outstanding electrical and mechanical designs of the component and compact aluminum alloy housing, the industrial switch is optimized for the heat transfer without fan required ...

Worldwide manufacturer of industrial automation components including optical & optoelectronic switches. Available as rotating cam limit switches with optical photo eyes.

With wide-temperature operation, industrial certifications such as C1D2 and NEMA TS2, and flexible DIN-rail or wall-mount installation, RLH managed PoE switches deliver the reliability, resilience, and ...

Lean managed switches from AutomationDirect, the best value in industrial automation - low prices, fast shipping, and free award-winning service.

Our industrial-managed switches are known for their quality and performance and are compliant with ECC Class A, CE mark/EMC Class A, EN60950/IEC60950-1, and NEMA TS2-2033. Our fully ...

IGP-1061 10-Port L2 Managed Gigabit PoE Industrial Switch, 802.3af/at/bt PoE, 8 PoE Outputs, 360W Power Budget, 2 Gigabit SFP Uplink Ports, DIN-RAIL, -40°C to 75°C

Hirschmann IT Switches offer a reliable, secure and powerful solution for IT/OT convergence applications across multiple industries. Belden will discontinue several variants of Hirschmann ...

Designed for harsh environments, EtherWAN's Hardened PoE/PoE+ switches provide reliable and cost-effective solutions for industrial Ethernet networks, offering superior resistance to ESD, shock, and ...
