

North Macedonia 685nm Laser Diode Module

North Macedonia 685nm Laser Diode Module

685 nm laser diode module delivering 50 mW of high-power output. Integrates driver — perfect for imaging, sensing, and OEM laser systems.

This 685 nm, 50 mW TO packaged laser diode is a compact light source that outputs a single transverse mode and is suited for a variety of applications such as test and measurement, laser module, or ...

Laser diode provided by CNI laser at 685 nm in TO 18 package provide state-of-the-art power and brightness. The small emitting aperture, combined with low beam divergence, make these devices ...

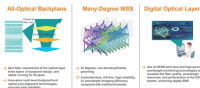

Output Power 0.05 W Package Type TO-Can Mode Structure Single Mode 685nm Red Laser Diode, 50mW Output - USHIO HL6750MG RLS / HL6750MG Manufacturer USHIO View Wavelength 685 nm

We offer fiber-coupled laser diodes for the most demanding scientific and industrial applications. Through the implementation of proprietary design, packaging, and fiber coupling technology, these ...

High brightness 685nm single mode red laser diode offers the most visible and intense laser radiation in CW light emitting mode. This TO 18 packaged 685nm SM laser diode provides the most stable and ...

USB Powered Alignment Laser Diode Modules'' software provides simple user adjustment of output power and modulation of the laser beam. A variety of laser diode wavelengths are available, ranging ...

One-Click download of multiple documents available from the shopping cart. No purchase necessary. One year warranty for unopened products. Warranty is void after opening the package. Compliance ...

Wavespectrum Laser specializes in providing the 685nm 10mW PMF pigtailed diode laser modules, and we also cater to diverse needs by offering various power version of the 685nm PMF pigtailed diode ...

Shop DigiKey''s large in-stock selection of Laser Diodes, Modules. View inventory, pricing and order now for same day shipping!
