

# Number of 685nm laser diodes in Denmark

## Overview

This webpage contains Thorlabs' laser diodes with center wavelengths from 404 nm to 690 nm. The tables below list basic specifications to help you narrow down your search quickly. 685nm red laser diodes and red laser modules are available with both single-mode and multi-mode beam profiles. Feel free to contact us on product inquiries, technologies and catalog requests. With over 40 years of. Laser Diodes and Modules are semiconductor devices that can emit a beam of high intensity focused radiation, typically in the infrared, visible or ultraviolet wavelength ranges of the electromagnetic spectrum, coherently (light waves of the same wavelength, phase and direction). It is packaged in a standard  $\text{Ø}5$ . The small emitting aperture, combined with low beam divergence, make these devices the highest-brightness family of CW diode lasers available in the industry. Laser diode provided by CNI.

## Number of 685nm laser diodes in Denmark

Laser diode provided by CNI laser at 685 nm in TO 18 package provide state-of-the-art power and brightness. The small emitting aperture, combined with low beam divergence, make these devices ...

Model LD4B-685-FP-20| 685nm Laser Diode The model LD4B-685-FP-20 is a Fabry-Perot laser diode offered in a single mode fiber-coupled coaxial package with an internal photodiode.

Mouser is an authorized distributor for many laser diode manufacturers including ams Osram, KYOCERA AVX, ROHM Semiconductor & more. Please view our large selection of laser diodes below.

With over 40 years of considerable experience in photonics industry, Ushio Inc., formerly Hitachi and Opnext, provides varies products selection in a wide wavelength range from violet to infrared for a ...

Features Output Powers from 1 mW to 1600 mW Center Wavelengths Available from 404 nm to 690 nm Various Packages Available: TO Can and TO Pigtailed Compatible with Thorlabs" Laser Diode and ...

685nm red laser diodes and red laser modules are available with both single-mode and multi-mode beam profiles. They have either free space or fiber coupled outputs. The diode laser packages are ...

Shop DigiKey's large in-stock selection of Laser Diodes, Modules. View inventory, pricing and order now for same day shipping!

Easy-to-integrate compact and powerful laser modules Power up to 400 mW Direct intensity modulation capability: fast and deep modulation to a complete dark state from versatile input signals All control ...

This 685 nm, 50 mW TO packaged laser diode is a compact light source that outputs a single transverse mode and is suited for a variety of applications such as test and measurement, laser module, or ...

## Contact Us
