GlobalFoundries accelerates adoption of co-packaged optics for advanced AI data centers with SCALE optical module solution PRESS RELEASE
GlobeNewswire May. 4, 2026, 08:30 AM

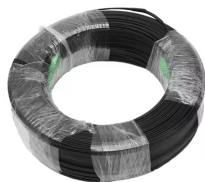

GlobalFoundries (GF) has introduced an optical module solution for co-packaged optics (CPO). According to the company, the Silicon photonics Co-packag

In the Quantum-X photonic switch system, only 18 laser modules connected at the front panel supply light to all 144 x 800G optical channels. Each module has eight integrated lasers and ...

MALTA, N.Y., May 4, 2026 - GlobalFoundries (Nasdaq: GFS) (GF) today announced the introduction of its SCALE™ optical module solution for co-packaged optics (CPO). GF's SCALE ...

Design engineers or buyers might want to check out various Optical Module factory & manufacturers, who offer lots of related choices such as sfp module, sfp transceiver and optical transceiver.

The rise of Co-Packaged Optics (CPO) Over the past decade, the capacity of data center Ethernet switches has surged from 0.64 Tbps to 25.6 Tbps, driven by the adoption of 64x 400 Gbps or 32x ...

It includes profiles of the leading Chinese Cloud companies and suppliers of optical components and modules. The report discusses the history of optical component and module manufacturing in China ...

It has a number of wholly-owned and joint-stock companies. Zhuge Liang cultivated the land and the source of the South-to-North Water Transfer—Nanyang City, Henan Province. Products mainly ...

Behind them, Hisense Broadband holds a full chain from optical chips to terminal devices, HG Genuine has secured cost advantages through in-house EML chips and SiPh solutions, and TFC ...

HG Company's factory is equipped with state-of-the-art machinery and advanced inspection systems, enabling us to maintain the highest standards of precision and quality across all optical components.
