

Original and genuine OSFP coherent optical modules

Original and genuine OSFP coherent optical modules

High-density 800G OSFP and QSFP-DD transceivers support InfiniBand and RoCE, enabling 100m to 2km transmission via MMF and SMF.

They expand Cisco routed optical networking applications to include 800G links and are compatible with Cisco and third-party 800G-capable routers, switches, and transponders with QSFP ...

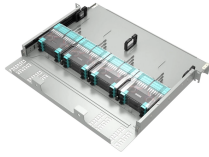

800G OSFP ZR+ Pro Transceiver is a high performance, high output power, cost effective pluggable DCO module compatible with various switches and routers for optical data communication applications.

Designed for high thermal capacity, electrical scalability, and forward compatibility, OSFP modules now drive connectivity across 400G, 800G and the emerging 1.6T generation.

FS provides an expanding portfolio of 400G OSFP/QSFP112/QSFP-DD solutions featuring high-performance, high-bandwidth, and backward compatibility. The 400G transceiver modules are ideal ...

FiberMall offers CFP DCO, CFP2 DCO, OSFP DCO & QSFP-DD DCO Coherent Optical Transceiver Module supporting up to 400G data rate for long-haul applications.

Octal Small Form-factor Pluggable (OSFP) solution that fits into high-density switch and router client ports for optical interconnect links. Powered by Greylock and Delphi DSP ASICs, and silicon ...

FTCF2519E1PCM is a 1.6T-DR8 OSFP transceiver module. The transceivers are compliant with the OSFP MSA with dual MPO-12 interface, 8x200G PAM4 IEEE P802.3dj and OIF CEI- 224G-LR host ...

Coherent 400G Finisar Fiber Optic Transceiver Modules are designed for use in Gigabit Ethernet links on various applications, some with FEC. The modules offer hot-pluggable QSFP-DD, ...

To accommodate an increasing spectrum of applications, Arista offers a wide choice of OSFP, QSFP-DD, QSFP, SFP, SFP-DD and DSFP transceivers and cables that comply with industry standards, ...
