

Russian Cloth Fire-fighting Cable Tray

Russian Cloth Fire-fighting Cable Tray

DKC Company was founded in August 1998. Nowadays it is one of the largest producers of cable support systems and low-voltage equipment in Russia and in Europe. DKC carries out the mission of ...

LLC «ALBIMAX METALL» - is a Russian supplier of electro-technical equipment (busbars, low-voltage switchgear, transformers), cable carrying systems (trays), lighting equipment. Since 2011, the ...

Engineered for continuous monitoring and early warning, our cable-based detection system is ideal for protecting cable trays—whether single-tier, multi-tier, or densely packed.

In the early stage of a fire, when the temperature rise does not reach 160°C, the fireproof cloth arranged on both sides of the fire-blocking section can prevent the flame from transferring to the other side (the ...

The mostly combustible cable sheaths and insulation allow a fire to spread along the cable at rapid speed. Our tested solutions for cable fire protection can delay the spread of fire in order to minimise ...

This system is FM Global Approved and meets ASTM E-1725 “Fire Tests of Fire-Resistive Barrier Systems for Electrical System Components,” the newest industry standard, requiring the highest ...

Our range of trunking and cable tray protection products provide effective fire protection for pipes, cables and trunking within floors, walls and ceilings.

The present invention can be used both in existing and in newly built cable structures, for example, in communication collectors of cities.

UNIFRAX Fyrewrap “Fyrewrap Cable Insulation®” is a thin and flexible insulation material designed to provide fire protection for cable trays and circuits. Its purpose is to ensure the integrity of electrical ...

In the early stage of a fire, when the temperature rise does not reach 160°C, the fireproof cloth arranged on both sides of the fire-blocking section can prevent the ...

The Russian Fire Cable Tray Market is expected to grow steadily, driven by infrastructure modernization projects, compliance with international safety standards, and increasing industrial...
