

## SC-FC pigtail jumper

### Overview

With more than 35 years of experience, Multilink is a leader in the telecommunications industry. We provide a variety of fiber optic jumpers, pigtails, multi-channel assemblies and drop cable assemblies to assist providers as they build and expand their networks. Contact us today for a free quote and see how our fiber optic assemblies could benefit. The use of fiber optics has dramatically increased the speed and bandwidth telecommunications companies can provide for subscribers. However, to make the most of this technology and remain competitive, providers need to choose fiber optic cable assemblies with the most efficient configurations possible to improve networks and increase deployment speed. Building a fiber optic network requires many different kinds of cable assemblies. Depending on the situation, technicians may need access to multi-channel fiber optic cable assemblies, Singlemode pigtails or other specific connectors for use in various environments. Multilink offers a wide range of indoor and outdoor cable

assemblies, so you can fi. We aim to provide standard solutions to many fiber optic assembly challenges. However, we also understand that some telecommunications companies have unique requirements for the products they use. To best serve these customers, Multilink offers custom design services. If you're looking for a specific type of fiber optic connector assembly and don't.

## SC-FC pigtail jumper

The product range covers both single mode and multimode patch cords and pigtails which are fully qualified to RoHS standards.

Singlemode pigtail jumpers provide the necessary peace of mind for data transmission over long distances. Purpose-built singlemode pigtail patch cords also offer connective confidence.

Fiber Optic Patch Cord/Fiber Jumper and Fiber Optic Pigtail are mainly used for providing connectivity between fiber optic devices, Optical Distribution Frame ODF, Fiber Optic Patch ...

Fiber jumpers and assemblies are available in custom lengths with any combination of industry standard connectors and are tested to Telcordia standards.

Made to Order IFC and Pigtails can be Turned Around in 24hrs. IFC - 72-Fiber, SM Tight Buffer, SC/UPC - SC/UPC Assembly With Pulling Eye. Pigtail - 12-Fiber, SM, FC/UPC, Length 3 meters. 12 ...
