

Senegal Bridge Railing Lights

Overview

The French President and Senegal 's President met in February to sign the agreement and launch the project to provide the country with solar public lighting solutions from Fonroche. With Hydrel's lighting solutions, you can transform bridges into captivating architectural structures that serve these purposes. A lighting design can. Wagner's Lumenrail ® family of handrail products utilize linear and point-source luminaires with the latest LED technology for exceptional flexibility, performance and longevity. In all situations, robust luminaires for outdoor use are needed that can withstand adverse weather conditions, that can be mounted flexibly, and that require little. Revitalizing bridges with stunning dynamic LED bridge lighting can create a unique identity for bridges of all types – from new, modest, and utilitarian bridges to historic, monumental, and iconic bridges.

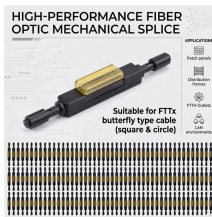

Senegal Bridge Railing Lights
