

Slovenian Metal Cable Tray Manufacturer

Overview

We manufacture trays 50 to 600 mm in width and 50 to 60 mm in height. With a wide variety of surface treatments, we fulfil all environmental standards. The trays can be fabricated out of galvanised sheet, hot-dip galvanised sheet and stainless steel sheet, or they can be. Cable trays are used for distribution in industrial objects, road infrastructure, air and rail transport, as well as electrical transmission and telecommunications; all of these require adaptable and safe wiring installations. Elba is the leading Slovenian manufacturer and distributor of products for electrical installations and computer, telephone and optical networks. These principles are reflected in our entire product line. For more details about individual product. Jeetmull Jaichandlall (P) Ltd. We believe in building fruitful business partnerships.
