

## Special tubing for communication optical cables

## Special tubing for communication optical cables

We are NBG, a pioneer in fiber optic technology with 30 years of experience. Our products and solutions are developed through cutting-edge manufacturing processes, exceeding the highest global standards.

Fiber optic protection tubing components are used to ensure the safety and longevity of fiber optic cables. They safeguard and protect the sensitive fiber optic wires from external factors such as ...

Our products are used to safeguard and protect fiber optic wires and cables against heat, cold, moisture, dirt, dust, pressure stress, UV and other potentially harmful environmental influences.

To survive a wide range of potentially harsh environments, Zeus provides high-performance polymer tubing for fiber optics cabling that protects and supports data transfer.

Explore fiber optic furcation tubing types for protecting and organizing sensitive fibers. Styles available for splicing, termination, and connection needs.

FIS offers ribbon furcation tubing for protection of bare ribbon fibers. Standard size fits fiber counts of 4, 6, 8 and 12 fibers. There is no inner tube or strength member.

Corning LSZH™ loose tube gel-free cables are flame-retardant, indoor/outdoor, suitable for installation in interbuilding and intrabuilding applications. The loose tube design offers mechanical ruggedness ...

Home / Products / Fiber / Fiber Commercial Enterprise Cables / Indoor Cables (Data Center and Assembly) / Furcation Tubing.

AFL Furcation tubing offerings reflect the high performance and quality standards present throughout AFL's complete cordage line. Multiple inner tube materials choices allow for smooth and easy fiber ...

International distributor for fiber optic components, equipment and accessories while providing invaluable technical consultation and support.

This specialized tubing is designed to protect and secure optical fibers, providing a durable and reliable layer that can withstand the harsh environments commonly encountered in telecommunications.

Furcation tubes for loose tube and ribbon fiber cable fan-out splicing applications to protect 250µm bare fibers. PVC jacket, aramid yarn and an inner tube.
