

Switch access to carrier network

Overview

Changing your carrier allegiance can be lucrative. Check out which big carriers and mobile virtual network operators (MVNOs) pay you to hop on their networks. Although changing carriers sounds costly, you can make switching affordable or even free. Thankfully, plan contracts have gone the way of the dinosaur—rather than contracts, most folks pay for monthly service and a device installment. While installment financing is a contract for your phone, you can pay off the outstanding balance and often get you. When switching carriers, you'll need a new plan. Overall, our favorite phone plans are from Visible, Mint Mobile, and Verizon. We also like Twigby for a no-frills prepaid service. If you need an unlimited data plan, US Mobile is a compelling choice. For family plans, T-Mobile is a great option. And finally, if you're on a tight budget, check out Te.
