

Syria T056 Laser Diode Test Socket

Overview

6mm designed for laser diode testing and projects. All of these sockets are available individually or in packs of 5, with select models also available in packs of 25 or 100. Our large. New: A brand-new, unused, unopened, undamaged item in its original packaging (where packaging is. Packaging should be the same as what is found in a retail store, unless the item was. Laser Diodes 905nm, 75W, 225m Invisible Pulsed Laser Diode. A tariff of 10 % may be applied if shipping to the United States.

laser Diode Test Base

Laser Diode Test Baser

material:.

 Laser Diode Socket is socket developed for the packaging and testing of laser diodes, TOSA, BOSA and ROSA. Industrial-Grade Packaging: Comes in robust Industrial Computer Accessories packaging.

Syria TO56 Laser Diode Test Socket

Laser Diode Test Baser. suitable for TO56 laser diode.

It is used for burn in test of the transistor outline (TO) package, optical devices or coaxial devices in package, including two families of TO46 and TO56.

SOCKETS FOR LASER DIODES Teflon Sockets for 5.6 mm and 9.0 mm laser diodes, 3-pins or 4-pins teflon body, gold plated contacts, superior quality

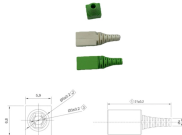

Ease of Use:Single-piece TO56 test socket design simplifies transistor and diode testing tasks.
Industrial-Grade Packaging:Comes in robust Industrial Computer Accessories packaging for reliable ...

3 pin for 5.6mm designed for laser diode testing and projects. Solves soldering and wiring issues for many projects. Laser diode not included. Use spaces to separate tags. Use single quotes (") for ...

Laser Diode Socket is socket developed for the packaging and testing of laser diodes, TOSA, BOSA and ROSA. It is an essential tool for manufacturers of optical active components.
