

Two routers for Mali Telecom fiber broadband

Overview

Two leading fiber internet routers are Netgear Nighthawk RS700S, which provides Wi-Fi 7 19Gbps network speed, and Netgear Nighthawk RAXE500, which offers Wi-Fi 6E 10. Firewalls, filtering, backups and local regulatory compliance. Goal: deliver high-speed Wi-Fi in urban, peri-urban and rural areas, with affordable offers and progressive rollout. Internet penetration still limited (30–40%) but growing. Strong demand: schools, universities, SMEs, urban districts. To find the best router for fiber internet, we used our expertise to select items based on key specs, such as speeds, coverage, wireless standards, security, weight, and additional features. We conduct in-house testing to check their signal strength, speed, and file transfer speed.
