

What is the cable tray model CL

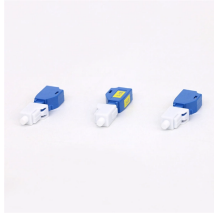

Overview

Constructed of fully welded amazingly tough ASTM A570 rated structural steel, this cable ladder system provides enduring support under heavy cable loads and while suspended. Bulk wire management is made simple with the fully customizable CL Series Cable Ladder and Accessory System from Middle Atlantic. With its duo of sturdy, parallel side beams gracefully connected by numerous crossbars, this tray crafts an open channel that meticulously supports and guides. FCL steel cable ladder, for heavy duty job, comes in standard height of 100mm, 125mm and 150mm. Optional accessories make it possible to get your cable bundle through just about every twist and turn. This item is a deferred, subscription, or. Looking for prices?
