

## Wholesale network security equipment 1 6T

## Wholesale network security equipment 1 6T

The Interconnect and Network Performance Tester 1600GE (INPT-1600GE) is a new 1.6 Terabit Ethernet (1.6T) and down speeds hardware test platform for traffic generation and analysis with ...

Wholesale distributor of security hardware for security pros. Combines strength of a national company with convenience and personalization of local branches.

The 1.6T Ethernet Layer 2 traffic generation and analysis demonstration moves the needle forward to enable development of 1.6T devices and the entire networking equipment ecosystem.

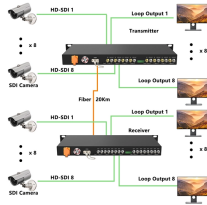

With our complete 1.6T Ethernet IP solution, built on years of experience with high-speed interfaces, Synopsys can help you get a jump on creating next-generation data center solutions today.

1.6T Ethernet offers twice the speed of 800G Ethernet, providing greater bandwidth. It is suitable for handling large-scale data transfers, high-definition video, cloud computing, high-performance ...

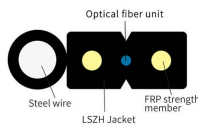

Our 1.6T and 800GE hardware platforms, combined with the ITS software, enable critical interconnect performance evaluations and tremendous gains in testbed productivity. This equips our ...

ENET delivers the latest technology, including OEM-compatible 800G InfiniBand and Ethernet transceiver solutions for NVIDIA/Mellanox, Arista, and other OEM platforms, with 1.6T on the horizon.

Incredible as it may sound, network providers will soon be able to evolve their optical networks to 1.6Tb/s transmission. What does the journey to 1.6T look like? And why is that the right ...

Viavi Solutions Inc. (VIAVI) (NASDAQ: VIAV) today announced the first solution to address testing and validation needs of the emerging 1.6Tb/s ecosystem based on 224G SERDES.
